

A. OPTICAL COMPONENTS Ltd.

PERFECTION MADE PRECISELY

World-leading manufacturer, since 1983.

Domes | Spherical Lenses | Aspheric & Diffractive Lenses | Windows
Mirrors | Wedges | Filters

Our optical measuring devices ensure top specs & quality:

- Zygo Verifire interferometers,
- LK Metrology CMM
- Taylor hobson Talysurf PGI Optics
- Mitutoyo SJ-210- Portable Surface Roughness Tester
- Nikon auto collimator

Solution coating for specific product needs:

- Coatings for the UV, VIS, NIR, IR & DIR
- AR Coatings on Glass, Si, GE, F.S, Sapphire
- Mirrors coating
- Conductive coating

Environmental test & equipment:

- Spectrophotometers for UV, NIR and FIR regions
- Salt fog chamber / humidity & temperature chamber / moderate & severe abrasion / adhesion

Standards in A. Optical components:

- AS9100 No' 1122801
