

From the Pioneers of BBO-OPOs

Ultrafast Frequency Conversion

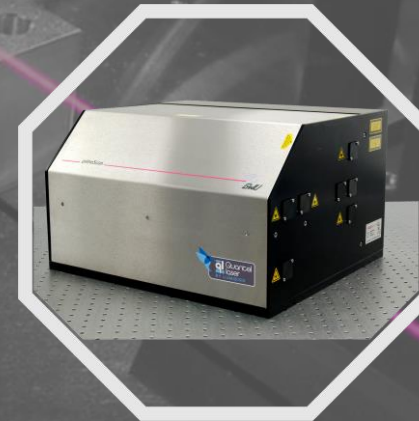

- ✓ For ultrafast fs and ps oscillators
- ✓ Continuously tunable from 210 to 650 nm
- ✓ Integrated pulse selector
- ✓ Modular one-box design

UHG-Series

Advanced OPO Technology

- ✓ High Energy nanosecond pulses
- ✓ Continuously tunable from 190 to 2700 nm
- ✓ Fast wavelength switching
- ✓ Reliable, all-solid-state technology
